Elaine Sims : Just a GUPPY in the Sea of Life (Elaine's Short Stories Book 1) before purchasing it in order to gage whether or not it would be worth my time, and all praised Just a GUPPY in the Sea of Life (Elaine's Short Stories Book 1):

0 of 0 people found the following review helpful. Shirley CollInsBy A CustomerThis is a compelling read for a short, didactic, parable-like story with Guppy playing and being played, The author borrows a character from The Carny and a character from Life when Heavy and Carp teach Guppy a lesson. Perhaps there will be a sequel to know whether he learns it.0 of 0 people found the following review helpful. Five StarsBy bookgirl222Elaine has a great voice. Loved the story.0 of 0 people found the following review helpful. This short story catches you and keeps you hooked until the nice little twist at the end.By jennifer cliftThe voice in this story reminded me of Salinger or Mark Twain (think grown-up Huckleberry Finn!)...somehow the protagonist is charming and engaging even though he's up to NO GOOD!!I love how the title and the opening lead us well and truly up the garden path and little by little the truth of it is revealed.Carefully crafted, beautifully paced, and with a wicked sense of fun, this short story catches you and keeps you hooked until the nice little twist at the end.The author, Elaine Sims, is a force to be reckoned with and I look forward to reading her further stories.

I was working at the local drugstore when the carnival set up across the street. "Be extra aware," my store manager warned me, "They'll try it on." That's the harsh reality of retail, and sure enough, later that evening someone did 'try it on'. This is his story....as I imagined it. You may never want to buy cotton candy again.
